

COMMITTED TO HELPING MAKE IT EASIER FOR YOU TO PARTICIPATE IN THE DEMOCRATIC PROCESS.

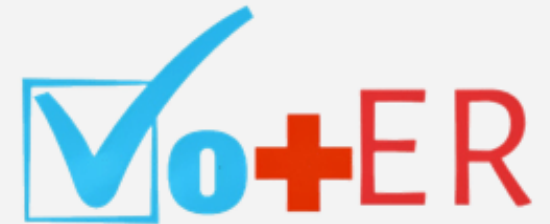

WHO WE ARE

We are a team of physicians, social workers, designers, and behavioral scientists committed to helping make it easier for patients/clients to participate in the democratic process. Our goal is to provide patients the opportunity to register to vote, because much of our healthcare system and healthcare experiences are determined by the policies our elected officials implement.

**STRENGTHENING
OUR HEALTHCARE
SYSTEM ONE VOTE
AT TIME**

OUR GOALS

Our goal is to provide patients/clients the opportunity to register to vote, because much of our healthcare system and healthcare experiences are determined by the policies our elected officials implement.

SOCIAL DETERMINANTS OF HEALTH

We believe that empowered voices in communities leads to positive health outcomes.

VOTING GIVES US VOICE

We believe that by voting for our health, we can preserve what works or demand change for the things that don't.

MORE VOICES BUILD BETTER SYSTEMS

We believe our healthcare system is stronger when we, as providers/social workers and patients/clients, all show up.

10 WAYS AGENCIES CAN MAKE A DIFFERENCE

- 1. Ask clients if they are registered to vote during in-take or check-in.**
- 2. Help clients register online or via mail-in form.**
- 3. Check voter registration status at current address, voter ID requirements and felony voting rights at [VOTE.ORG](https://www.vote.org).**
- 4. Help clients sign up for text/email reminders to vote at [TURBOVOTE.ORG](https://www.turbovote.org).**
- 5. Help clients look up who represents them and how to contact their elected officials.**
- 6. Invite elected officials to your agency and encourage clients to attend candidate forums.**
- 7. Reach out to local partners for candidate guides/resources.**
- 8. Get copies of ballot at town clerk's office before the election.**
- 9. Remind and encourage people to vote. Many nonvoters have never been asked.**
- 10. Create a culture of voting in your agency and in your community!**

OUR SERVICES

HEALTHY DEMOCRACY KIT

Health care providers across all role groups and across all specialties can help get their patients registered to vote with our Vot-ER badge backers which are created and shipped at no cost to providers.

POSTER AND HANDOUTS

Our Touchless offering includes a set of posters designed to excite patients about registering to vote, a sign, stickers, and handouts. The resources are in English and Spanish.

DEMOCRACY STAT TOOLKIT

Instantly download your Democracy Stat Toolkit from our website, which contains a phone background with a QR Code that you can use to start registering clients, a sample email signature message so people can make a plan to vote with the click of a button, and a digital healthy democracy badge you can download instantly.

VOT-ER AND TELEHEALTH

VotER has been adapted to telehealth platforms using links and text short codes to quickly connect people to state based voter registration.
